TO OUR EXISTENTIAL NATURE: AN OVERVIEW OF THE
PHILOSOPHIES OF TEN EXISTENTIALISTS AND IMPLICATIONS
FOR PSYCHOTHERAPY,

This book introduces the meaning of our existential nature. The philosophies of the following ten existentialists are synthesized: Albert Camus, Fyoder Dostoevsky, Martin Heidegger, Karl Jaspers, Franz Kafka, Soren Kierkegaard, Friedrich Nietzsche, Rainer Rilke, Jean-Paul Sartre and Migual Unamuno. Twenty books by these authors are suggested to the reader, with a brief description of the content. Implications for psychotherapy are discussed.
