The “bible” for family camping cooking, this cookbook contains 157 family-tested recipes accompanied by hundreds of variations, observations, tips and quotations. The Real Family Camping Cookbook is an essential item for every family’s camping trip packing list. Developed and perfected through the author’s personal experiences camping with her own family, The Real Family Camping Cookbook combines the camping classics with a wealth of surprising new ideas to put the fun and adventure of camping into every meal. The recipes are easy to follow, menus and meal planning make trip-shopping simple... and the accompanying quotations and quips on every page only add to the enjoyment of this wonderful book. The Real Family Camping Cookbook guarantees fun and delicious campfire meals that kids will ask for every time... and remember all their lives.
