Purpose: Audio-Digest Foundation CME/CE activities are designed to provide its learners – physicians and other healthcare professionals – with continuing education that will help identify clinical problems in their practice settings, provide content to help to solve those problems, and increase their application of knowledge to practice. Audio-Digest Gastroenterology is specifically designed to provide the participant with state-of-the-art information, including, but not limited to, procedures and techniques and/or the diagnosis and management of: Inflammatory Bowel Disease Irritable Bowel Syndrome Gastroesophageal reflux disease Ulcer disease Liver disease Pancreatic disease Cancer within the digestive system Endoscopy Esophageal disease Colon problems Transplantation Nutrition The goal of this program is to provide adequate nutritional support for critically ill patients. After hearing and assimilating this program, the clinician will be better able to: 1: Implement the joint guidelines for nutritional support from the Society of Critical Care Medicine and American Society for Parenteral and Enteral Nutrition. 2: Perform nutritional assessment of the critically ill patient. 3: Discuss the benefits of early enteral feeding in a critically ill patient. 4: Describe specialty nutrition formulas and their indications. 5: Recognize and prevent complications of tube feeding
